

First Announcement
From Eye to Mind
International Symposium
on Neuro-Ophthalmology and Low Vision
25.10.2008 in Tübingen, Germany

Main Topics:

- **Retina:** Functional aspects of maculopathies
- **Optic nerve** diseases with impaired function
- **Cortical** adaptation to vision loss

We invite you to this special symposium, which will build a bridge between the disciplines of neuro-ophthalmology and low vision research.
